Dear Parent/ Guardian:

My name is Ms. Jennifer Barrall, and I am the Title I Math Teacher for the Greater Nanticoke Area High School and Middle School. I provide Title I Math Remediation Services to assist students in improving their mathematics knowledge through additional math instruction and support.

You are receiving this letter because your child has been selected to receive Title I Math Remediation Services due to receiving a Below Basic or Basic score on the Algebra I Keystone Exam. Successfully passing the Algebra I Keystone Exam is an important step in your child's academic journey to graduation, and I am ready and willing to provide any additional instructional support to help your child reach his/her highest potential when it comes to math. I will be providing students with engaging group activities and one-to-one instruction that will specifically target the common mathematical concepts tested on the Algebra I Keystone Exam. It is my objective to assist as many students as possible in supporting their goal of passing the Algebra I Keystone Exam.

Title I Math remediation services will take place **at least** once a week during a scheduled study hall in Periods 1-4. Your child will be notified of his/her scheduled day and time that the service will be provided. If you have any questions about this service, I can be contacted via email at barrallj@gnasd.com or you can contact the high school office at 570-735-7781.

If you have any questions or concerns feel free to contact me. I look forward to working with your child!

Thank You!

Ms. Jennifer Barrall, Title I Math Teacher
